

Who We Are

Start-up, strengthen or expand. No matter what your business goals are, Fresno CDFI is here to help you reach them!

Fresno CDFI is a comprehensive financial services, training, and asset development institution for low- and moderate-income residents and businesspersons. Since our inception in May 2008, our professional, seasoned, and multi-lingual staff – experienced in micro-finance, credit counseling, business plan development, and advocacy for low-income families – has helped hundreds of entrepreneurs realize their dreams. We have also assisted many Fresno County residents in becoming part of the economic mainstream by helping them establish credit.

Though a newly formed organization, Fresno CDFI is building on the resources, experiences, and successful track record of the Micro-enterprise Development Program, a program managed by our parent organization Fresno County EOC since 1993. Under the same administrative guidance the program has disbursed more than \$2 million in loans and micro-loans to small farmers and local entrepreneurs.

Your success *is our reward!*

Products

Program	Funding Amount	Description
Micro-Enterprise Development Program	Up to \$35,000	Small loans to develop businesses whose owners may not have strong credit, extensive business experience or sufficient collateral.
Enterprise Development Fund	Up to \$250,000	Targeting locally-owned innovative businesses, job-generating manufacturers, natural resource-based companies, and other quality employers. Designed for borrowers who have been unable to obtain any or a portion of their credit through traditional bank lending.
Community Facilities Fund	Up to \$250,000	Financing community facilities such as community kitchens, charter schools, group homes and center-based child care enterprises. Loan proceeds may be used to purchase real estate, construct or renovate existing structures, purchase equipment, and provide working capital.
